DOMINICAN, SENEGAL ISSUES BEFORE U.N.

SENEGAL CHARGES AIRSPACE VIOLATED BY PORTUGUESE

THE United Nations Security Council last week heard Senegal charge — and Portugal deny — that Portuguese military forces had repeatedly violated Senegal's territory and airspace and that it had attacked frontier villages.

Mr. Ousmane Soce Diop of Senegal detailed 17 incidents which he said had taken place since the Council's adoption, two years ago, of a resolution asking Portugal to do whatever necessary to prevent violation of Senegal's sovereignty. They took place, he said, despite Portugal's declared intention scrupulously to respect the country's sovereignty.

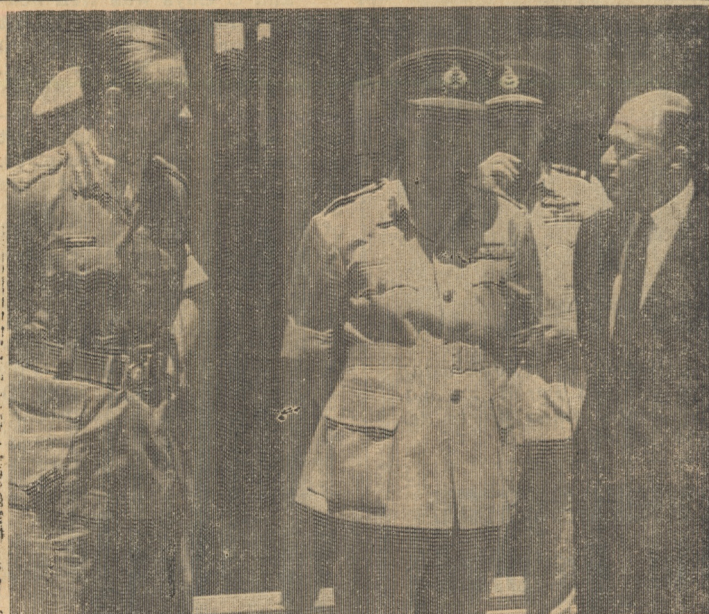

Mr. Diop asked the Council to condemn the violations and get Portugal to abide by its promise.

Mr. Bonifacio de Miranda of Portugal rejected the Senegalese allegations as completely baseless and unwarranted but that in order to show its good faith, he said, his Government would be willing to have a three-man committee investigate the charges. Such a committee, he said, should be made up of one member appointed by Senegal, one by Portugal and the third, the Chairman, nominated either by the U.N. Secretary-General or the Council President in consultation with the two countries.

UN TO OBSERVE XX ANNIVERSARY

Plans are being made to observe the XX Anniversary of the signing of the United Nations Charter at San Francisco next month.

According to tentative plans, the Twentieth Anniversary Commemorative Meetings of the United Nations will be held in San Francisco between 24 and 26 June — the actual date and site when and where the Charter was signed in 1945.

THE DESIGNATE-CHIEF OF THE BRITISH DEFENCE STAFF AT UNFICYP. Last week the Designate-Chief of the British Defence Staff, Field Marshall Sir Richard Hull, accompanied by the A.O.C. in C. NEAF Air Vice Marshall T.O. Prickett, called on Mr. Carlos A. Bernardes, Special Representative of the UN Secretary-General in Cyprus, and the Officiating Commander of the Force, Brigadier Bruce Macdonald, DSO, CD. They are shown together, above, outside Mr. Bernardes' office at UNFICYP Headquarters.

SECRETARY - GENERAL SENDS MISSION TO SANTO DOMINGO

THE United Nations Security Council on Friday, 14 May, urged a strict cease-fire in the Dominican Republic and asked the U.N. Secretary-General urgently to send a representative there who would report on the situation to the Council.

A small advance party of U.N. staff members headed by Maj. Gen. I.J. Rikhye, U Thant's military adviser, left New York over the weekend for Santo Domingo. In addition, the Secretary-General told the Council he was seeking a person of appropriate qualifications — among them linguistic — to dispatch as his Representative, and that he hoped to be able to report progress soon.

The Council decision was taken unanimously on Friday by the adoption of a brief

Das österreichische Kontingente feierte den 10. Jahrestag des Abschlusses durch eine Feldmesse und Parad, wo u.a. auch der Kommandante, Obst A, Dr. Renth einige Worte der Erinnerung an die getretete Soldaten richtete.

Historischer Erinnerungstag im Austrian Field Hospital

Das österreichische Kontingent der UNFICYP feierte am 15.5.1965 den 10. Jahrestag des Abschlusses des "Österreichischen Staatsvertrages". Nachdem Österreich im März 1938 seine staatliche Selbstständigkeit durch den Einmarsch der deutschen Truppen und durch die Einverleibung in das Deutsche Reich verloren hatte, wurde es erst nach dem 2. Weltkrieg wieder als souveräner Staat gebildet. Zehn Jahre, nämlich von 1945 bis 1955 war das österreichische Bundesgebiet und auch die Bundeshauptstadt WIEN durch die Alliierten in 4 Besatzungszonen geteilt und von amerikanischen, englischen, französischen und russischen Truppen besetzt.

Nach komplizierten diplomatischen Vorarbeiten und langwierigen Verhandlungen ist es der österreichischen Bundesregierung gelungen, am 15.5.1955 in WIEN die alliierten Mächte zur Unterzeichnung des Staatsvertrages zu bewegen. Einen bedeutenden Anteil am Zustandekommen dieses Staatsvertrages hatte der vor wenigen Tagen verstorbene Altbundeskanzler Dipl. Ing. Dr. hc FIGL. Die Besatzungsmächte zogen ab und Österreich hatte seine volle Souveränität wieder. Seither ging Österreich einer neuen Blüte entgegen, bewusst seiner uralten Sendung, Vermittler zwischen Ost und West zu sein.

Das österreichische Kontingent feierte diesen für sein Heimatland historisch bedeutsamen Jahrestag durch eine Feldmesse unter den

A SOCCER team from HQ and C Coys was well beaten by a local Turkish Cypriot team before a packed stadium in Lefka on Sunday last. Lefka played clever, stylish football and their six goal winning margin at the end left no doubt of their superiority. Selectors must sit up and take note of the strength of some of these opposing teams, and must field our strongest possible selection. On Sunday several of the Battalion team were obviously inexperienced, while Lefka had some professional players on view. For the Battalion team, BONZO Carroll and Sgt. Joe Foran, who was responsible for one of the Bn goals, were hard work-

ers, and Bandsman Jimmy Murray, who came on in the second half, had the Bn's other score, heading in a picture goal mid-way through the second half. The Band of the 42 Bn marched the teams on to the pitch, and gave a warmly appreciated recital before the game. Capt. Jim McGee and his boys made a 'hit' here, and had several requests for another visit to Lefka.

IN HQ COY, to deal in profit margins and 'minghes' can have its draw-backs. All the bar-men have been renamed. We have Cpl "Al Capone" Kearney, in the Canteen, Sgt. "Legs Diamond" D'Arcy in the Sgt's Mess and Cpl "Baby Face 'Nelson' Sheriff in the Officer's Mess.

A COY had the first of what they hope will be a series of concerts on May 7th. The star attraction was Cpl Paddy Sheriff and members of his Band, the trumpet solo from 'The Legions Last Patrol' by Bandsman Frank McDonald brought the house down. The contributions by Lt. Kelly, Cpl. Genockey and Pte 'Bing' Crosby indicated that "A" Company will hold their own on the musical scene. Comdt. Madden thanked the members of the Band at the end of a very enjoyable night but postponed his own musical contribution until next concert.

THE Soccer players now have their pitch and the O/C agrees with Joyce Kilmer that "Only God can make a tree".

WIRELESS message of the week, "From MOLAR, please forward name and address of second mule".

UNFICYP

SHORTLY the present Australian contingent of UNFICYP in this district will be returning home after one year's service. They have been so long away from "down under" that, the rumour is that they are all taking the shortest route home, i.e. NICOSIA, ATHENS, ROME, COPENHAGEN, LONDON, DUBLIN, NEW YORK, ETC. Chief Supt Holland will have some difficulty making out the 'Duty Sheet' for this one. We shall miss their pleasant companionship, their cheery greeting, and above all their devotion to duty. They were always available to serve the interests of UN day or night. On behalf of the 42nd Irish Battalion and all the IRISH Contingents with whom they served, we wish them 'Bon Voyage' and "SLANLIBH AGUS GO NEIRIGH AN BOTHER LIBH".

Grenadier Guards At Work & Play

The 1st Battalion Grenadier Guards have quickly settled down in the Limassol District where they took over United Nations responsibilities from the Cheshire Regiment on 7 April 1965.

They have recently welcomed "A" Squadron the 14/20th King's Hussars, now at Zyyi, to the District.

Assisted by "A" Squadron and the New Zealand police and with good local liaison the Grenadiers are contributing to the good atmosphere of the District.

The Grenadiers maintain detachments of varying size at Troodos, Mallia, Limassol and Episkopi as well as patrols in the district. They also provide the defence platoon at the United Nations Headquarters, where their discipline and bearing are the admiration of many.

Our photographs feature some of the activities of the Battalion — patrolling, swimming, contact with the local population, outpost duties and sightseeing.

Lt. Col Hogan C.O 4 Inf Gp carried out his Inspection of HQ COY personnel and quarters on Tuesday 11th Inst. As the saying goes "He came, he saw" but what his comments were, remained unsaid. Rumour has it that he was pleased, but there are disappointments in some areas of 'Hill 16' that they were not complimented on their labours of love or should it be 'Paints and Stones!'

ON Sunday 9th May members of A Coy were entertained to a drill display by the youths of KTIMA Town. A display of folk dancing in National costume given later in the evening was very much admired.

Two men from Victoria, 1st Constable Eddie Dalton of Melbourne and 1st Constable John Rice of Robinvale, are carrying out observational and patrol work near Kyrenia.

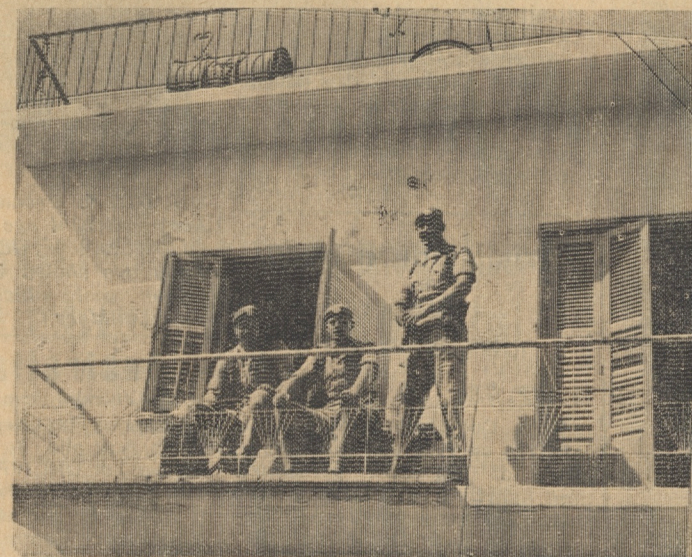

From the variety of work that members of the Australian Police Contingent have been engaged in, they have certainly played an active part as members of UNFICYP in their 12 months in Cyprus.

Pataljoonassa Kay Usein Vieraita

Sitten talvisodan suomalaisella sotaväellä ei liene monastikaan ollut mahdollisuuksia tulla laajemmalti tunnetuksi maailmalla. Ainoat maininnan arvoisemmat poikkeukset asiointilaan muodostavat ehkä ns. Suezin kompania ja tällä hetkellä Kyproksen turvajoukoissa palveleva suomalaispataljoona. Siinä myös eräs syy, siihen miksi, niiden riveissa palvelevat joutuvat kotimaassa läpikäymään erittäin pienisilmäisen tarkistusulan, ennenkuin heidät hyväksytään jäseniksi joukko-osastoon.

Tämä ennakkotarkistus on tarkoitettu lähinnä sen vuoksi, että pataljoona kokonaisuudessaan ja sen jokainen jäsen erikseen pystyvät kaikissa tilanteissa toimimaan oikein ja heille annettujen tehtävien edellyttämällä tavalla. Tarkoituksena on, että pataljoonan jäsenen ulkopuoliselle antama kuva muodostuu mahdollisimman edulliseksi ja näinollen kunniaksi koko joukko-osastolle. Erikaisen selvästi tämä ilmenee niistä lukuisista vierailuista, joita koti- ja ulkomailta tulevat vieraat henkilöt suorittavat pataljoonassamme.

Ulkomaaisia Vieraita Usein.

Vaikka monet meistä ovat olleet saarella vasta runsaat kuusi viikkoa on sinä aikana pataljoonassa ehtinyt käydä ulkomaaisia vieraita harva se päivä. Näistä mainittakoon ainoastaan Itävallan armeijan jalkaväen tarkastaja, kenraali Erwin Fussenegger, Kanadan ulkoministeri, Mr. Paul Martin, Nikosian sotilasalueen komentaja-kanadalainen brig. kenr B F Mac, donald ja turvajoukkojen apulais-esikuntapäällikkö, irlantilainen eversti O'T'rien. Kiinnostuksen erikoisesti meitä suomalaisia kohtaan myös suta,atta viina vuokolla turvajoukkojen esikunnan ylimmän johdon luona vierailut Englannin yleisesikunnan päällikkö, sotamarsalkka, Sir. Richard Hull nimenomaisesti halusi tavata suomalaipataljoonan komentajan ja esikuntaryhman paallikon. Mainittakoon, että sotamarsalkka Hullista tulee heinakuussa Englannin puolustusvoiman komentaja ja etä ev. Boldt ja evl. Purhonen olivat ainoat hänen tapaamansa, vieraaseen kansakuntaan kuuluvat kontingenttiedustajat.

Arvovaltaisten ulkomaisten vieraitten joukko ei kuitenkaan ole supistunut yksinomaan sotilas- ja siviilihallinnollisen alan merkkihenkilöihin. Menneen vuoden aikana pataljoonassamme on vierailut lähes kolmesataa ulkomaista joukotiedotusvälineitten edustajaa, jotka television, elokuvan, sanoma- ja aikakauslehdistön valityksella ovat tehneet pataljoonaamme ja samalla koko Suomea tunnetuksi yli sadassa maassa eri puolilla maailmaa.

Ulkomaisten vieraitten lisäksi pataljoonaamme ovat tutustuneet myös monet arvovaltaiset suomalaiset vieraat. Parhaillaan tapahtuvan Pääesikunnan komento-päällikön, kenr. maj M S Hannilan ja hänen seurueensa lisäksi vierai-

amme ovat olleet mm. puolustusministeri Arvo Pentti, ministeriön kansliapäällikkö, kenr. ltn Arimo, kenr. maj Koppinen ja Somerkari, everstit Sutela, Gummerus ja monet muut. Itse asiassa meitä on käyty katsomassa; usein monasti jopa pari kertaa kuukaudessa. Ja lisää on luvassa.

Tietenkin meidän on oltava tyytyväisiä siihen, että pataljoonaamme kohtaan osoitetaan mielenkiintoa. Meidän on kuitenkin muistettava, että vieraat yleensä ovat kokeneita tarkkailijoita, jotka helposti pystyvät havaitsemaan yhtä hyvin myönteiset kuin kielteiset piirteemme. He kykenevät näinollen nopeasti vetämään oikeat johtopäätökset, jotka eivät ulotu yksinomaan meihin, vaan varsinkin ulkomaisten vieraitten osalta saat-

24-åriga stockholmsstuderanden Lars Gunnar Lundell kommer att bli tämligen unik den 20 maj. Då tenterar han nämligen för ett akademiskt betyg i fysik på Cypern.

Lundell tjänstgör just nu som stabsunderofficer på första kompaniet i svenska FN-bataljonen. Han sprack härifrån i den första tentamen hemma i Sverige strax före avresan till Cypern, men uppmanades då av Stockholms universitet, där han studerar sedan fem terminer tillbaka, att göra ett nytt försök på Cypern.

—Jag tror nog att det skall gå bra. Man har ju ganska gott om tid här, och jag har läst ganska mycket sedan jag kom hit.

Lundell har redan läst matematik, skall nu avlägga andra problemlösningstentamen i fysik för att sikta på muntlig tentamen när han kommer hem i höst. Sedan har han för avsikt att läsa kemi och siktar på en fil. mag.

Tentamen kommer att ske under samma förhållanden som hemma. Bataljonsassistenten, jur. kand Lennart Jönsson, Uppsala, kommer att svara för övervakningen, så att allt går rätt till och campvakten i Carl Gustaf Camp, svenska zonhögkvarteret ser till att Lundell inte kommer att lida brist på timlig föda under de dryga fem timmar som tentamen kommer att vara.

Förutom sina egna studier har Lundell också ställt sina kunskaper till förfogande som ledare för studiecirkel i engelska och studiecirkel om FN.

—Jag ser ideellt på FN-insatsen här nere, tyckte gott att jag kunde offra en termin för den saken, eftersom jag ändå har möjligheter att studera vidare under tiden, säger Lundell.

AU REVOIR. Mr. Neville Kanakaratne is shown above during the early days of UNFICYP's activities in Cyprus. Together with Mr. Kanakaratne is another now departed UNFICYP official, Mr. Alejandro Flores, who served here last year as Senior Political Adviser to the Force Commander.

Kanakaratne to Leave Soon; Remy Gorge Succeeds Him

IT's sad to say good-by — and, in particular, when it involves a most popular person. So, Neville Kanakaratne's many friends in Cyprus have decided not to say farewell, but "until our next meeting" — somewhere.

The departure this week of Mr. Kanakaratne, Legal Advisor to the United Nations Force Commander in Cyprus, has been the highlight of social activity during the past days — it seems that all his colleagues and friends were trying to out-bid each other to organize luncheons, dinners, etc., to show how much they regret his going back to Headquarters and another assignment with the U.N.

His popularity and important role within UNFICYP is well justified, as Mr. Kanakaratne was the "oldest" senior UNFICYP official — he came to Cyprus in March 1964 — and has proved his value by quietly ironing out a number of legal knots that otherwise might have adversely affected the functions of the UN operation in Cyprus. He has also played an important part in the good offices provided by UNFICYP in attempts to try to restore normal conditions in the functioning of the Law Courts and the administration of justice in the country.

Mr. Kanakaratne, a graduate of the Royal College of Colombo, with a B.A. from the University of Ceylon and an M.A. and LL.B. from the University of Cambridge, has been connected with United Nations activities since 1957 when he was appointed Legal Adviser to the Permanent Mission of Ceylon to the United Nations. Since then and through early 1961, he represented his country in a number of United Nations meetings such as the Conference of The Law and The Sea, III Emergency Special Session of the General Assembly, Human Rights Commission and the Conference on the Elimination or Reduction of Future Statelessness.

In March 1961, he joined the United Nations and was assigned

Legal Adviser to the Secretary-General's Special Representative in the Congo where he remained until 1962. From the Congo, he went to Gaza where he served as Legal and Political Adviser to the Commander of the United Nations Emergency Force. While serving there, he was appointed by the Secretary-General to form part of the 1963 U.N.'s Fact-Finding Mission sent to Malaysia. And, as mentioned before, in March 1964 he took over his post of Legal Adviser to the Commander of UNFICYP.

Dr. Rémy Gorgé, Senior Legal Adviser of the International Atomic Energy Agency, arrived last week to take over the responsibilities of Mr. Kanakaratne.

Dr. Gorgé, who holds a doctorate from the University of Bern (he graduated, *magna cum laude*), has been participating in international organization matters since 1947 when he began working with the International Committee of the Red Cross in Geneva.

In 1948, he joined the International Refugee Organization as Legal Adviser and later served as Deputy General Counsel. He remained with the IRO until 1952 when he became Acting General Counsel for the Intergovernmental Committee for European Migration with Headquarters in Geneva. The following year, 1953, he was appointed Senior Legal Adviser in the United Nations Korean Reconstruction Agency in New York. In 1956, he was transferred to Jerusalem where he served as Senior Legal Adviser with the United Nations Truce Supervision Organization. In 1958, he was assigned Senior Legal and Political Adviser to the Commander of the United Nations Force in Gaza.

In 1960, Dr. Gorgé was appointed Senior Legal Officer of the International Atomic Energy

Quaison-Sackey Sees USSR Position "More Flexible"

THE President of the United Nations General Assembly, Mr. Alex Quaison-Sackey, told newsmen in Geneva last week that he believed the Soviet position on financing of U.N. peace-keeping operations was very flexible and had moved considerably within the past three months.

Mr. Quaison-Sackey stopped in Geneva en route to Vienna, where he was to attend the 10th anniversary celebration of the signing of the Austrian State Treaty.

Speaking as the chairman of the 33-nation Committee set up to examine the entire question of peace-keeping operations and their financing, he said in answer to questions that the U.S.S.R. was insisting only that it was the Security Council which must initiate or take decisions on peace-keeping.

In describing the Soviet position as flexible, Mr. Quaison-Sackey said the U.S.S.R. also had expressed willingness to contribute substantially to wiping out the current U.N. debt provided the question of the loss of vote in the General Assembly was not raised in connection with past peace-keeping costs.

This was in reference to a provision in the United Nations Charter that Members two years in arrears in payments to the U.N. shall lose their vote in the Assembly.

The Soviet Union and France are among the number of States listed as being in arrears as a result of non-payment of peace-keeping assessments which the International Court of Justice advised were expenses to be apportioned by the Assembly.

Challenging this interpretation, the U.S.S.R. and France contended they are not in arrears on the grounds that only the Security Council and not the Assembly can take binding decisions on peace-keeping operations including their financing.

The Special Committee on Peace-Keeping Operations has been meeting at United Nations Headquarters. On 6 May, Mr. Quaison-Sackey informed the Committee that he would not enter into another series of consultations with Members.

He expressed hope that in the consultations there would be "a formulation of ideas bringing about a community of interests" so that at the next series of meetings the Committee could discuss "precise agreements of an interim or permanent nature".

Agency in Vienna. Three years later, in 1963, he was asked once again to join one of the United Nations field missions, this time as Principal Legal Adviser and Political Adviser with the United Nations Operations in the Congo. Two years later he returned to his post with the International Atomic Energy from where he has come to join the United Nations Force in Cyprus.

Welcome to UNFICYP, Dr. Gorgé.

UN Sends Mission To Dominican Rep.

resolution submitted by Jordan, the Ivory Coast and Malaysia. The resolution expressed deep concern about the grave Dominican developments and called on all concerned in the Republic to aid U Thant's emissary.

The Council acted following receipt from authorities headed by Colonel Francisco Caamano of charges of U.S. aggressive action presaging the destruction of Santo Domingo and the slaughter of its inhabitants, and urging U Thant's personal intervention as well as an emergency meeting of the Council.

The charges were flatly rejected by the U.S. which, however, joined in supporting the dispatch of a U.N. Representative to the Dominican capital.

olemme, ikäva kyllä, saaneet harvoin kuulla vierailtamme kiitoksen sanoja. Siinä suhteessa näytämme myös olevan kovasti jäljessä turvajoukkoihin kuuluvien muitten kontingenttien 'kaartinpataljoonista'.

Asiaintila Helppo Korjata.

Asiaintilan korjaaminen on kuitenkin hyvin helppoa. Meidän on vain itseksensä tästä lähtien kiinnitettävä entistä enemmän huomiota siihen, että esinnyimme, niin palveluksessa kuin vapaa-aikoina, asiallisesti pukeutuneina, kasvot pestyinä, parta ajettuna, tukka kammattuna, vaatteet siisteinä, kengät lankattuina, käyttäytymiseltämme hillittyinä, hyväryhtisinä ja raittiina valio-pataljoonan edustajina. Siisteyden ja hyvien tapojen noudattaminen on ulotettava myös majapaikkoihin ja niiden lähiympäristöön.

Neuvosta viisastuneina satamme siten entistä paremmin vastaanottaa meitä katsomaan saapuvia vieraita ja odottaa heidän loppuarvoselujensa sisältävän siisteydestämme ja henkilökohtaisesta hygieniastamme muitakin kuin vain saunaa koskevia kiitoksen sanoja. On siis varsin toivottavaa, että meidät YKSP-laiset tästä lähtien tunnetaan maailmalla muinakin kuin hyvinä sotijoina.
